AGAIN TO THE FORE.

THE HOWES TRACT, on Jefferson street, including the handsome home residence and charming grounds of F. C. Howes, Esq., Cashier of Los Angeles National Bank, to be subdivided—375 large lots (one-fifth of an acre each), with nine beautiful residences, including the large cottage of 10 rooms of Mr. Howes, graded streets, etc., to be sold on the homestead plan at \$100 per lot, in payments of \$10 monthly, without interest, with first payment of \$30.

The San Francisco man who has invented a nitro-glycerine bomb, as per this morning's dispatches, will hear of something to his advantage by sending his address to the editor of the Los Angeles Herald.

THE TIMES prints on its eighth page this morning a complete table of the vote of the city and county. The showing is official and final, save as regards Wilmington, which the Supervisors were unable to count yesterday on account of the blunder of an election officer. The Wilmington vote as published, however, will be little changed by the official count. Vandever has gained by the count, and stands 288 ahead of his paupacious opponent.

THE more the returns come in, the less they tickle the A. S. of A. The official vote is now in from all counties but Alpine and San Diego and the howling majorities by which the Ahkoond was to be swept into Congress are not to be found in the returns. Fresno's alleged 600 plurality for Lynch has dwindled to 435. San Diego's alleged 188 plurality for Vandever has swelled to well over 300, and is expected to go even above that. Los Angeles county gives a plurality of 288 for Vandever, instead of 200 or 250. The "cog of vantage" turned out to be only a lead nickel.

Booming San Diego. Col. William G. Dickinson of National City, Superintendent of the San Diego Land and Town Company, went south last night, after a brief stay in this city. Col. Dickinson was for twelve years connected with the land department of the Alchison, Topeka and Santa Fe Railroad, and in that capacity laid out eighty-five towns in Kansas. He has now come out to the Ahkoond roof of San Diego and its suburbs. The company, of which he is the working head, controls 40,000 acres tributary to the bay of San Diego—50,000 of it at National City. They have applied for a franchise for a motor road from San Diego to National City (nine miles), and intend to make it lively all along the line.

The Official Count.

The Supervisors yesterday finished the official count of the city and county vote, except for the precinct of Wilmington. One of the Wilmington officers of election had sealed up his poll-list with the ballot, so that it was inaccessible. He was sent for, and will come to to-day with his duplicate list, when the count will be finished. The official figures will be found elsewhere.

A Coal Mine Tragedy. SAN FRANCISCO, Nov. 10.—A Chronicle's special from Albuquerque says: An unfortunate accident occurred at Gallup, New Mexico, yesterday, in the coal mines of the Gallup Coal Company. The young man was working alone in one of the drifts, and had fired a blast which had loosened a large block of coal, weighing several tons, but not sufficiently to dislodge it from its place. He tried to pry it loose, and in so doing, when the whole mass suddenly became loosened and fell upon him, causing almost instant death.

A great demand has sprung up, and names are coming in rapidly. The large salesroom of the SOUTHERN CALIFORNIA LAND COMPANY, 244 N. Main st., Baker Block, is filled every evening with subscribers until a late hour.

\$100 per lot is not one-third the price of outlying lots in Pasadena or the rocky canyons around it, and not one-fourth the rate of the farthest subdivision of unmarketable tracts in East Los Angeles.

Remember Your Eastern Friends.

And send them a box of Crystallized California Fruits from the new store of the Harvard and Bowes Crystallizing Company, 428 Spring st.

THOS. PASCOE, Proprietor.

MORE FIGURES

SHOWING THE WAY THE POLITICAL WIND BLOWS.

John L. Sullivan Arrives in San Francisco—Prince Waldemar to Rule Over Bulgaria—Another Anti-Chinese Laundry Fight.

By Telegraph to The Times.

SAN FRANCISCO, Nov. 10.—(By the Western Associated Press.) The Chronicle has returns from twenty-nine counties, including the San Francisco count, showing the vote for all State candidates below the Governor. The totals show, so far, all the Republican candidates to be ahead. In the case of Walter S. Moore, for Secretary of State, no accurate conclusion can yet be reached. The count from these twenty-nine counties gives Moore 58,277, Hendricks 54,900, but returns from Colusa, Fresno, Kern, Los Angeles, Mariposa, Mendocino, and Tuolumne, for the Secretary of State, are still lacking. These counties will all give Hendricks heavy majorities. Of the others, San Diego, Nevada, Plumas and Santa Barbara will all probably give Moore majorities, but they will fall short of those of Hendricks. The City has a dispatch giving the official count of Fresno county, as follows: Swift 189, Bartlett 1739, Vandever 1379, Lynch 1814. This makes the Sixth Congressional District stand at the present as follows: Colusa, 10,000; Fresno, 10,000; Kern, 10,044; Monterey, Vandever 1474; Lynch 1437; San Benito, Vandever 531; Lynch 734; San Bernardino, Vandever 1507; Lynch 1405; In San Luis Obispo, Vandever 1689, Lynch 1662; Ventura, Vandever 819, Lynch 1573. Official returns from other counties in the Sixth District are still lacking.

SANTA BARBARA COUNTY.

SAN FRANCISCO, Nov. 10.—Official returns from Santa Barbara county give Swift 1174, Bartlett 1134, Vandever 1192, Lynch 1137.

MONO AND INYO.

SAN FRANCISCO, Nov. 10.—Latest returns from the Mono and Inyo counties, Vandever 230, Lynch 274; Inyo county, Vandever 349, Lynch 294.

Must Bear the Consequences.

WASHINGTON, Nov. 10.—The President's rule not to receive visitors except through official business and at tri-weekly afternoon receptions goes into effect to-morrow. He proposes to devote his principal attention from now until Congress adjourns to the preparation of his annual message, and will not be bothered about appointments.

Crop Returns.

WASHINGTON, Nov. 10.—The report of the Department of Agriculture says: The yield of corn, according to the revised returns of the year ending June 30, 1885, making the product upon the present adjustment of acreage 1,690,000,000. This accords well with recent returns of the condition of the market, and will not be naturally changed in the final review of the work of the year.

Chevrolet Won't Be Troubled.

WASHINGTON, Nov. 10.—The President's rule not to receive visitors except through official business and at tri-weekly afternoon receptions goes into effect to-morrow. He proposes to devote his principal attention from now until Congress adjourns to the preparation of his annual message, and will not be bothered about appointments.

He Was Badly Shocked.

SAN FRANCISCO, Nov. 10.—J. Black, an employe of the California Electric Light Company, while walking the wires of the company's poles at the corner of Market and Post streets on August 11th, received a shock of electricity which paralyzed his left side. Black brought suit in the Superior Court to-day to recover \$25,000 from the company.

Shot His Sweetheart.

SAN FRANCISCO, Nov. 10.—A young man named Alexander Goldenson, an artist by occupation, shot and instantly killed Mamie Kelly, his sweetheart, a school-girl, in a house at the corner of Polk street and Ash Avenue, that same day at half past 6 o'clock. He was arrested and taken to the police station. The shooting was occasioned by jealousy.

The Great Bruiser in Frisco.

SAN FRANCISCO, Nov. 10.—John L. Sullivan, champion pugilist, arrived from the East to-day. This afternoon he obtained a license for a sparring and boxing exhibition, to be given at the Pavilion next Saturday evening. Chief of Police Crowley says that he will not permit a prize-fight to be held in this case.

Probable Suicide.

SAN FRANCISCO, Nov. 10.—Lee Hirsch, 33 years old, has been missing for some days. A few months ago Hirsch's parents were found dead in bed at Asbury Park, N. J., having died of natural causes. Lee Hirsch was reported to be of fit and healthy condition and died from cause of the stomach. It is the opinion that he has committed suicide.

Fruit Growers' Convention.

SAN FRANCISCO, Nov. 10.—The Fruit Growers' will hold their annual convention at Sacramento on the 15th inst. They have obtained a reduction of fare on all railroad lines in this State to Sacramento during the convention.

HE WAS NO SERVANT

And He Made the Britisher Under- stand that Fact.

A British tourist of the most pronounced and unmistakable type, was sojourning at the St. Elmo for a couple of days this week, on his way from England to San Francisco.

The traveling Briton, who possesses a handle to his name and is addressed as "My Lord" in his native land, was a choice specimen of our English friends. Encased in garments most fearfully and wonderfully made, with long leggings and shoes an inch thick, he was the observed of all observers, although nobody got within a skip of him.

He was perfectly well made, a credit to the State of New York, but had defeated Cleveland—knows that Cleveland's election was owing to three causes, (1) the suppression of 500,000 Republican votes in the cotton States, (2) the foolish remark of Parson Burchard and (3) the secret treachery of supposed Republicans in two or three of the country counties of the State of New York. And that, in the estimation of this apostate Republican, is the "deliberate action of the people."

Mr. Andrew then goes on to say:

"Since then that the Republican party has shown an absolute unwillingness to sacrifice its party to profit by the lessons of defeat, while the Democratic party has given the country an honest, able and fearless administration."

The intelligences of the nation, irrespective of parties, heartily approves the earnest efforts of President Cleveland to divorce the civil service from politics, to reduce the tariff to the requirements of times of peace, to prevent the burdens of taxation, and to prevent the coining of a debased currency."

What can Mr. Andrew mean by statements such as these? We do not know that the Democratic party, as represented in Congress, heartily repudiates President Cleveland's professions in respect to civil service, flatly refuses to reduce the burdens of taxation, and by its "deliberate action," orders the coining of a debased currency at the rate of more than \$2,000,000 per month? Do not Democratic Senators and Representatives possess some part, at least, of "the intelligence of the nation?"

"Whether they do or not they pay no regard to the recommendations of their President." Cleveland has no influence with nine-tenths of the nation, who do not know him. He deserves credit for not doing except carrying out Republican policy in some respects, and that he is commanded by his party to do.

The truth is (mugwump assertions to the contrary notwithstanding) the organization known as the Democratic party has, since the installation of President Cleveland, manifested an utter incapacity to manage the affairs of government at home or abroad; and the people do declared throughout the Union (the solid South excepted) last Tuesday.

Wolf vs. Davis.

The lawsuit of Sig. Wolf against Chief of Police Davis for \$5000 damages, incurred on account of alleged false imprisonment, was tried by a jury yesterday before Judge Brunson, and resulted in a verdict for the defendant. Wolf was arrested last March on a telegram from San Francisco, describing him minutely. It was a clear case of mistaken identity.

Dead Sea Apples.

(San Francisco Examiner.) The politics of politics are Dead Sea apples to some men. Coroner O'Donnell has not found them equal to an ordinary "boater."

Effects of Bossism.

(Napa Reporter Dem.) The Democratic shorts have carried some political heat, but "honest" in politics made meat, and the Republicans got paid off most of the offices. McGettigan for Sheriff was beaten by over 600 votes.

MISS STEVENS wish to announce that they have just received the latest novelties in ART AND EMBROIDERY MATERIALS, and can supply the ladies with beautiful designs in stamping patterns, at reasonable prices.
